

RADON-FREE HOMES, HUNGER-FREE COMMUNITY

January 2026 – February 2026

WE NEED YOUR SUPPORT

- Radon is a colorless, odorless gas that can cause lung cancer.
- In Langlade County, over half of tested homes showed elevated radon levels.
- Testing is the only way to know if your home is safe.

Bring a **non-expired, non-perishable** item to the Langlade County Health Department and receive a Radon Test Kit for just \$8 (regularly \$10).

ITEMS ACCEPTED

- Canned vegetables, beans & soup
- Rice, pasta & cereal
- Shelf-stable milk & baby formula
- Peanut butter & canned protein
- Cooking oil & spices
- Laundry soap
- Shampoo & conditioner

Not in need of a Radon Test Kit?
You can still support the cause by dropping off donations at Langlade County Health Department
