Tony and Herb,

Here is what I did observe when I drove our roads for trimming.

When we do the posting is the Antigo Journal AND I will had deliver the posting and list to Butch and the person on Little Chicago.

It would also sale to remove any small trees in the Township right of way.

Also, that the person doing the work would remove any down brush or trees or the town would be doing the removal.

Which would mean the following would do the removal: Tim, Doug, Tony and/or Herb. Whomever does it first.

Doug
